Tim and Carrie joined Cru staff in 1981. Tim's current role is the Global Missions director in the Great Lakes area (IL, IN, MI, OH). This role entails helping U.S. churches partner with campuses and cities around the world to get the gospel to University students. Tim and Carrie train, equip, send and coach missionaries in all of the Great Lakes partnerships.

The Dougherty's target audience has been university students. They help students know Christ and equip them to make Jesus known to their peers during college, and in the process, challenge them to serve Him in their communities and churches when they graduate.
