Serving with: OMF International

Brian and Bekah became appointees with OMF in November of 2008.

The Farbers arrived in Lobpuri, Thailand in 2011 and began a year of language study. They are church planters with OMF Int'l and Church of Peace Rojana, and with Pastor Jack, are trusting God as we hope to begin cell churches among the 200,000 plus people living throughout the Rojana industrial community. One church is not enough to reach all those who have yet to hear the gospel, so their purpose is to equip current members of Church of Peace to reach into their own neighborhoods and places of work, and equip others in order to see a movement of disciple making and see new cell churches begun.
