Pastor Aurel grew up in Alba Iulia. Since 1997, he has served in the Baptist Church of Campeni, serving Avram-lancu and Vadu Motilor, and he is the only pastor in this area. The Rodeans' work focuses on visiting people in their homes, youth ministry and women's ministry. They have a program to evangelize as many of the young people from Campeni as possible. They rent a sports hall two times a week and play games, have youth meetings, and do one-on-one evangelism.

Elena helps to facilitate the women's ministry, in which they mainly reach out to those women who do not have Christian husbands. They visit and encourage these women, building relationships with them. They would like to build one more building in the future for special activities with young people in order to expand ministry.
