Ed & Lea met in Sunday school class as teenagers. In 1978 they answered God's call to full time ministry. That ministry has been national and international in scope. After 20 years of serving at Grace Church as lead pastor, they turned their focus to mentoring and training leaders on the international front.

As a minister at large with Spread Truth, Ed is committed to training pastors and church leaders via classrooms and conferences in various international settings. India, Africa, Romania & Tyndale Seminary are a few of those places

In the role of Spiritual Dean with PAACS, he ministers to the teaching surgeons and residents in nine hospitals in eight African countries. He oversees the spiritual curriculum used for biblical training. He also serves to encourage and minister to the PAACS personnel in each location.

It is Ed & Lea's prayerful goal to be the aroma of Christ to all those around them.
