Jim and Sue worked as Bible teachers in Ghana from 1972-74 with SIM before Jim went to seminary. They served with One Challenge beginning in 1976 in the Philippines, Kenya, and Cyprus (including the Middle East). Their ministry focused on leadership development for national pastors and church leaders. In Cyprus, Jim and Sue served as coordinators of a ministry called The Middle East MemberCare Network which provides training and resources for member care workers around that entire region. In 2014, the DeVries moved back to OC HQ in Colorado, where they are now doing member care, helping OC retirees, leading various gatherings and training times for OC members, and writing for various projects. They also help to debrief missionaries on home assignment, offer hospitality to many travelling through and help prepare the mission-wide weekly prayer guide.
