

Bobbi Kinzer

Africa Inland Mission Int'l

Chuck & Bobbi began serving with AIM in January 1956 and went to Tanzania in East Africa to work under the local church there, a decision they never regretted. Their last 30 years in Africa were spent in Kenya, where their work was always tied to evangelism. For many years the Kinzers used the production and distribution of Christian literature as a platform for reaching unbelievers. "Our efforts were always designed to establish, strengthen and work under the local church." Chuck passed away in 2014. Bobbi lives in central Florida now and continues to serve as much as possible in the senior living community where she lives.
