Ministry...

Before joining the staff of Cru, Brent & Stephanie were elementary school teachers. As they served in their local church their passion to reach and disciple college students grew and they sensed the Lord redirecting their lives. They joined the staff of Cru in 1997.

Brent's time is invested in the lives of the students at Northern Illinois University. He spends his days meeting with young believers, training and equipping them, modeling a lifestyle of discipleship & evangelism, encouraging students to live out what they are reading in God's Word, and helping students effectively communicate the Gospel to lost people.

The Batistes completed Cru's ten month International Leadership and Ministry Development program in June 2011 and have since returned to NIU.
