Ministry...

Pastor Florin grew up in a Christian family and studied in Abrud.

In 1983, he accepted Christ and was baptized. After marrying, the Botars moved to Campeni in 1987. In 1997 Florin began serving the Lord as a minister, was ordained and continued studies in theology at the Baptist Seminary in Bucharest.

He joined Missio Link in 2001 and now ministers in Ponorel and Sohodol and works to plant new churches in other villages in the area of Campeni, such as Baia de Aries.

Florin is the only pastor in this area, but there is a group of believers who are trained through Biblical Education by Extension (BEE) to help with the churches and with the new planting. One goal for the ministry is to grow up new leaders through BEE studies. He is also involved in ministry at two orphanages in Abrud and Baia de Aries together with Aurel Rodean and a few other pastors from the Campeni area.
