# *Ministry...*

After meeting through Campus Crusade at ISU, Roger and Maggie married and served with Cru around the US in various administrative leadership positions. Roger became the Associate National Director in 1980, then Vice President for Global Administration in 2002. As their four children grew, Maggie also became involved in leadership, eventually becoming Associate National HR Director. She later developed Global Human Resources.

Roger transitioned out of his last role in 2010 and is moving into his position of Director of Operational Advisory Services that includes internal audits and organizational effectiveness. Maggie is now retired but continues to volunteer doing special projects for the Office of the Presidents.
