Ministry...

For the first 25-years of their marriage Rick and Julie lived a typical American, middle class life. They grew in their Christian faith, became heavily involved with Grace Church, and raised their three children. Fanning an interest in Global missions, Rick sought a career change which lead him to a ministry position with TEAM at its headquarters in Wheaton, IL.

When TEAM relocated their offices elsewhere, Rick sought another missions opportunity that would allow he and Julie to relocate back to central Illinois to be near their children. Rick sensed God's calling to World Gospel Outreach , which facilitates one week short-term mission teams to do medical and evangelistic trips to Honduras in Central America. This relocation allowed for Rick & Julie to return to their home church, Grace Church, and enjoy living near their kids and grandkids. Julie occasionally assists Rick as he interacts with various church pastors and missions leaders in the central part of the U.S.

Both Rick and Julie have served on a short term team in Tegucigalpa, Honduras. Rick spends about 4-6 weeks per year in Honduras or Belize. The McClinticks continuously thank God for leading/guiding/calling them into serving the Lord full-time in missions.
