Ministry...

Both from Webster City, IA, Larry & Cheryl married while at the University of Northern Iowa, where they were involved with Navigators. They served with Navigators beginning in 1973 in Iowa and Illinois (at ISU, then in Carbondale at SIU) before taking an assignment to China and Taiwan from 1986 to 2002.

The McCoskeys' goal is to develop a reproducing disciple-making ministry among the ethnic Chinese of the University of Iowa campus with the hope of seeing Chinese return to their homes equipped to share their faith in Christ. Their ministry strategy includes networking among Chinese students, evangelizing, discipling, mentoring and holding large and small group events.

Larry and Cheryl work with a team made up of two other staff couples and Christians in their community who share a vision for reaching international students for Christ.
