# *Ministry...*

Serving the community of Kamtee, Pastor Prakash and Beena work closely together. Beena facilitates Sunday school teaching the students before the Sunday service. During the week, Pastor Prakash shepherds eight house churches (small groups) and distributes Christian literature to the nearby villages. Prakash also desires to expand his ministry in three surrounding villages.

Nagpur is in the Indian state of Maharashtra, which is home to 95 million people and 339 people groups. Only 1.2% of these are followers of Christ.
