Ministry...

Pastor Aurel grew up in Alba Iulia, Romania. Since 1997, he has served in the Baptist Church of Campeni, which ministers to people in the community of Avram-Iancu and Vadu Motilor. Currently, the Rodeans' primary work is youth and women's ministry. They have a goal to evangelize as many of the young people from Campeni as possible. To meet this goal, they rent a sports hall two times a week and play games, have youth meetings, and do one-on-one evangelism.

Elena helps to facilitate the women's ministry, in which they mainly reach out to women who do not have Christian husbands. They visit and encourage these women, building relationships with them. The Rodeans would like to build one more building in the future to hold their special activities for young people in order to expand their ministry.
