Ministry...

Abedan is a church-planter in Zhingabai Takle, which is in the Nagpur district of India. By God's grace he is overseeing five house churches in different areas of the district. Abedan has been blessed to baptize many of the people who now gather each week for Sunday services.

Nagpur is in the Indian state of Maharashtra, which is home to 95 million people and 339 people groups. Only 1.2% of these are followers of Christ.

Abedan asks us to pray for him, that he would be an effective witness for Christ, so that he may bring more souls to Him. Also pray for church growth and maturity in Christ, as well as for God's provision for their family, including Rachel and Gracy's education. They are also asking God to provide a church building for the believers there.
