Ministry...

Tom and Marion became actively involved with International Messengers in the fall of 2003, went as short-term missionaries to the River of Life in the spring of 2004, and joined full time staff in July of 2004. They served as support staff for the River of Life Ministry in Cornesti, Romania. Tom and Marion now spend the majority of their time in the states representing the River of Life Ministries. The younger members of ROL Team-USA have taken over the majority of the support ministry and traveling. The team's mission is to advocate and facilitate the Lord's work at the River of Life in Romania.

Tom and Marion have narrowed their ministry with ROL to Staff Care and seeking prayer and financial support for the work. When in Romania, their primary focus is staff care. River of Life serves the needy and under-served people of Romania through: the Care Home, a Christian residential home for women and their children in crisis; Maria House, a residential home for the elderly; Emanuel, a private family-type foster home for children; a day program for the elderly; summer camps and VBS programs; and various outreaches to the surrounding villages.
