Ministry...

Harley and Barbara were married in 2008, on Harley's 69th birthday! The Schrocks are very involved in their local church. Harley and Barb are both currently battling cancer, trusting God in all things.

Harley was previously married to Sandy, and God called them to Papua New Guinea during a missions conference at Gibson City Bible Church in 1966. They sailed for PNG in December 1967, arrived in February '68, and served there until 2002. Sandy passed away in 2004. Harley continues to produce recordings for the Christian radio station in Mt. Hagen, Western Highlands of PNG. His program is THE BIBLE STANDS radio broadcast, and is a doctrinal and practical study through the Book of Romans aiming to win the lost and establish believers in the major doctrines of the Word of God by using illustrations easily understood in that culture.

Four years ago those messages were broadcast five days a week on one transmitter. Now they are broadcast five days a week on six transmitters, including to the nation's capitol and also Lae--the country's second largest city.
