

Grace Church Student Ministry

Calendar

To be ROOTED means to be *firmly established* and *securely embedded* in something to the point that your strength, and the strength of that which you are rooted in, are the same. Like a tree with deep roots in the ground, our hope this semester is that students would become rooted in the love and power of the God who created the entire universe and that they would draw their strength, not from themselves, but from God!
